or Milton Campuses

## AID YOUR CAREER WITH FIRST AID

The WHS Act requires all Australian employers to have an adequate number of people trained in First Aid. This course gives you a competitive edge if applying for work or a bonus in a current position. Either way, this short course is a big tick!

This PRESTIGE-ous nationally accredited course equips participants with the skills and knowledge to confidently and correctly perform First Aid and CPR. Topics in this full-day course include; respond to an emergency situation, apply appropriate first aid procedures, perform CPR in accordance with Australian Resuscitation Council (ARC) guidelines, communicate details of the incident and evaluate the incident and own performance.

Prior to the course date, you must complete pre-course literature and submit the assessment a week before the course commencement (this allows time for any revisions).

**Enrol today in Southport, Beenleigh or Milton!**
